

3E MATTERSHERE PARTNER NETWORK DELIVERING INCREASED VALUE WITH EASE

KEY BENEFITS OF THE 3E MATTERSHERE PARTNER NETWORK

- Gain value with easy access to a best-of-breed partner network
- Enhance matter management with document management, digital dictation, and conveyancing capabilities
- Make the most of 3E MatterSphere ownership

PARTNERING TO PROVIDE YOU WITH THE COMPETITIVE EDGE

Today's legal world is complex, and no single solution can solve every firm's requirements. 3E® MatterSphere® (formerly MatterSphere®) from Thomson Reuters Elite gives you a complete end-to-end system for the entire client and matter life cycle. Now, 3E MatterSphere brings even more value to your firm by combining legal-specific knowledge and technologies with complementary solutions from a best-of-breed partner network—the 3E MatterSphere Partner Network.

Elite has a deep understanding of how law firms use technology as well as an unsurpassed bank of resources to help our clients perform better. Our partners in the 3E MatterSphere Partner Network deliver enhanced value on legal-specific functionalities, such as document management, digital dictation, and conveyancing. In addition, they are serious about R&D, and they put significant investment into staying at the forefront of their respective technologies.

By taking advantage of the Partner Network, firms can benefit from improved processes in workflow, collaboration, file sharing, time management, and many other processes critical in client and matter management. And by working closely with its partners, Elite is able to help clients make the most of 3E MatterSphere ownership and speed time to value as well.

AN INNOVATIVE AND GLOBAL LEADER

Thomson Reuters Elite offers a complete enterprise business management solution to run all operational aspects of your firm, including business development, risk management, client and matter management, and financial management. Using our integrated suite of offerings enables you to increase visibility and streamline workflow, ultimately improving profitability and exceeding your clients' expectations.

3E MATTERSPHERE PARTNER NETWORK DELIVERING INCREASED VALUE WITH EASE

WIN WITH IMPROVED COLLABORATION, DOCUMENT WORKFLOW, AND EMAIL MANAGEMENT

Nikec Solutions provides solutions for collaboration, secure file sharing, and less paper, as well as legacy solutions for cost recovery and print management. The digital Nikec Binder mimics a traditional ring binder, making it easy to organise, view, annotate, and share documents. Nikec Hub is a collaboration and extranet portal for file sharing, project timelines, and financial information that integrates with MatterSphere to sync documents for sharing with clients. Nikec Binder integrates with leading document management systems, and Nikec Hub integrates with leading document and project management systems.

iManage Corporation* transforms how professionals in legal, accounting, and financial services get work done by combining the power of artificial intelligence with market-leading document and email management. iManage automates routine cognitive tasks, provides powerful insights, and streamlines how professionals work, while maintaining the highest level of security and governance over critical client and corporate data. More than one million professionals at more than 3,000 organisations in more than 65 countries—including more than 2,000 law firms and 500 corporate legal departments—rely on iManage to deliver great client work.

NetDocuments* is the leading native cloud-based document and email management platform. Purpose built with over a decade of experience, NetDocuments continues its “cloud-first” approach to enterprise software development and delivery.

GAIN CONVEYANCING AND INTELLIGENT SEARCH CAPABILITIES

GlobalX is a market-leading provider of online information search solutions for property, business and consumers, and a PEXA (Property Exchange Australia) sponsor delivering e-conveyancing and manual legal support services.

InfoTrack is a technology company with a leading software-as-a-service (SaaS) platform that provides intelligent search and automated workflow for professionals across the legal, conveyancing, banking, finance, insolvency, surveying, mercantile, accountancy, and government sectors in Australia, the UK, and the US. Its proprietary software platform helps businesses swiftly find critical information pertaining to property, company, personal, and national search data.

DELIVER CONVENIENCE WITH DIGITAL DICTATION

BigHand Limited has developed a range of speech, task delegation, document creation, and workflow tools that help busy people achieve more in less time and organisations become more efficient and effective. The tools make the work of lawyers easier to manage, enabling them to share, prioritise, and track voice files recorded onto a variety of devices. BigHand currently works with 280,000 people in 2,550 organisations across the legal, healthcare, property, and finance industries.

Winscribe Ltd is one of the largest suppliers of digital dictation technology in the world with installations in 25 countries and more than 350,000 users globally. The company provides solutions for many industries, including legal, law enforcement, healthcare, transcription, surveying, insurance, and government sectors. Winscribe has a widespread global reach with a strong customer presence in North America, Europe, Australasia, and South Africa.

STREAMLINE DOCUMENT COMPARISON FOR EFFICIENCY

DocsCorp LLC provides solutions to improve workflow, reduce risk, and increase the efficiency of managing business-critical documents. Solutions include document comparison; PDF creation, editing, and assembly; automated batch OCR processing; and metadata management.

* Product integration is supported by Thomson Reuters Elite. All others are supported by the partner only.
