3E DELIVERS ABOVE AND BEYOND YOUR ENTERPRISE SYSTEM

We understand. Enterprise® is a solid system and has been meeting the needs of forward-looking firms like yours for years. In fact, you probably think Enterprise provides the services your firm needs just fine. But let's face it: Enterprise is 20-year-old software, and it's time to move to something that can service your firm as it grows. It's time you step up your game and stop missing out on the functionality and performance that 3E® delivers. As part of the Thomson Reuters Elite Enterprise Business Management Solution, 3E is built on a future-proof platform and is poised to grow with your business. It offers advanced functionality, mobility, operational efficiencies, and business intelligence that help you take performance to a whole new level and keep you a step ahead of the competition. 3E: the time is now.

Advanced Features for Complex Needs –

**SOPHISTICATED
FUNCTIONALITY
OPTIMIZES YOUR
BUSINESS**

We wanted a complete solution that could grow with us, while providing the tools our lawyers need to work most efficiently from anywhere. We have that and more with 3E.

3E can handle as much or as little complexity as you need. Whether you operate globally in multiple jurisdictions and currencies, or you operate in one jurisdiction, 3E grows with your firm and helps you manage your business better than ever before.

- As your business evolves, it's easy to incorporate new offices, fee earners, or jurisdictions
- Mobile technology that keeps you connected anywhere, anytime
- Modern, intuitive user interface enhances the user experience
- End-to-end technology connects your entire firm in a single solution

Reduce Complexity and Costs –

**FUTURE-PROOF
PLATFORM FREES
YOU FROM THE PAST**

The number of essential systems a law firm uses has

TRIPLED

since 2001. Bring them together with an end-to-end system.

Built entirely on Microsoft .NET, 3E has the future-proof technology you need to eliminate data silos, reduce complexity, match the way your teams operate, and grow with your firm.

- Common platform reduces costly point integrations
- Cloud compatible environment keeps you agile and connected
- Increased throughput improves the speed and efficiency of your data interactions

Boost Intelligence –

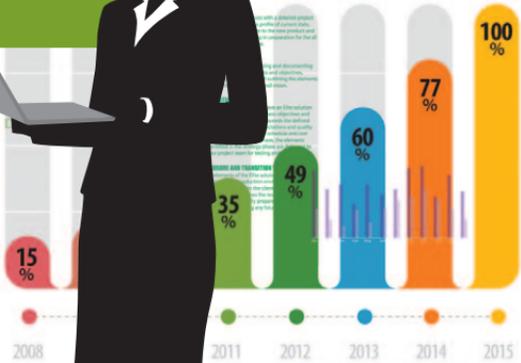

**BOLD INSIGHTS
KEEP YOU AHEAD OF
THE COMPETITION**

We need to know how we're performing with an instant look into our current operations, and we want to turn our business data into meaningful information that helps us make decisions. 3E lets us do that.
