

## COMING SOON: ELITE ENTERPRISE VERSION 3.9 AND WEBVIEW 5.4

Elite has consistently been a leader in providing professional services firms the comprehensive functionality they need to compete, and to enable national and multi-national firms to efficiently and profitably operate across multiple offices, countries, languages and currencies.

Now Elite is proud to announce the newest release of the award-winning Enterprise system. Available in September 2010, Enterprise version 3.9, along with WebView 5.4, will support SQL 2008 and Windows Server R2. In addition, as part of Elite's policy of listening to you, the user, many of the enhancements are a direct result of your suggestions and requests. Many enhancements will increase usability and will enable users to streamline processes even more. All of which add up to power unmatched in the marketplace.

### ENHANCEMENTS IN ENTERPRISE VERSION 3.9 AND WEBVIEW 5.4, AVAILABLE SEPTEMBER 2010

#### Financial Management

- Increased UDF Values, Voucher ID and voucher Invoice Number
- Increased Global Modify functionality: Change Rate Code, Time/Cost UDFs @ the matter level
- Payment Void by Range
- GL Inquiry – Ability to drill down into Billing detail data

#### Practice Management
