

# THE SOFTWARE FOR EVERYONE IN YOUR OFFICE™ JUST GOT SMARTER.

## THE PROLAW XII ADVANTAGE:

- **Manage smarter.** Only ProLaw XII allows you to combine more relevant case, client, and financial information for the insight you need to run your business more effectively.
- **Work Smarter.** New, tighter integration with Microsoft Outlook lets you easily store, find, and share case and matter information as well as capture more billable time to boost profitability.
- **Run Smarter.** ProLaw XII uniquely optimizes the power of Microsoft technologies such as the industry-standard .NET platform and extends the value of your investment well into the future.

## WHAT'S NEW WITH PROLAW XII

ProLaw® XII is more than a new software version. It is built entirely on the Microsoft® .NET platform to help you manage, analyze, and share information across the business to run more profitably. You can quickly access powerful information from all areas of ProLaw through enhanced reporting and “what-if” analytical tools. And it’s easier to track your time and manage client, matter, and case information with a friendly Outlook® View. Because the software for everyone in your office just got smarter.

**Front Office. Back Office. One Office®.**

THOMSON REUTERS™

# PROLAW XII. MANAGE, WORK, AND RUN SMARTER.

## FEATURES TO HELP YOU RUN YOUR BUSINESS MORE PROFITABLY:

- **New reporting capabilities** for partners to get critical, actionable information that shows key business metrics and performance against them
- **New tools** for office managers and administrators to respond quickly to requests for ad hoc reports
- **New ways** for attorneys to locate case and matter information easily, store emails in cases or matters, find and use information created by colleagues, and capture more billable time

## HOW PROLAW XII HELPS YOU MANAGE SMARTER

Advances in comprehensive, flexible reporting enable you to obtain actionable information on demand to run your business.

**Comprehensive report content.** In realtime, you get all the case, client, and financial information that's relevant to running your business – well organized for quick access to what's important to you.

New, optional report content includes profitability indicators such as:

- Budgeted vs. worked hours
- Top clients, matters, and practice areas
- Transactions worked and billed
- Missing time analysis
- Rolled-up financials
- A/R and WIP aging

Using ProLaw XII, you can monitor your business performance aided by charts and graphs that help you interpret and share key information to meet the needs of everyone in the office

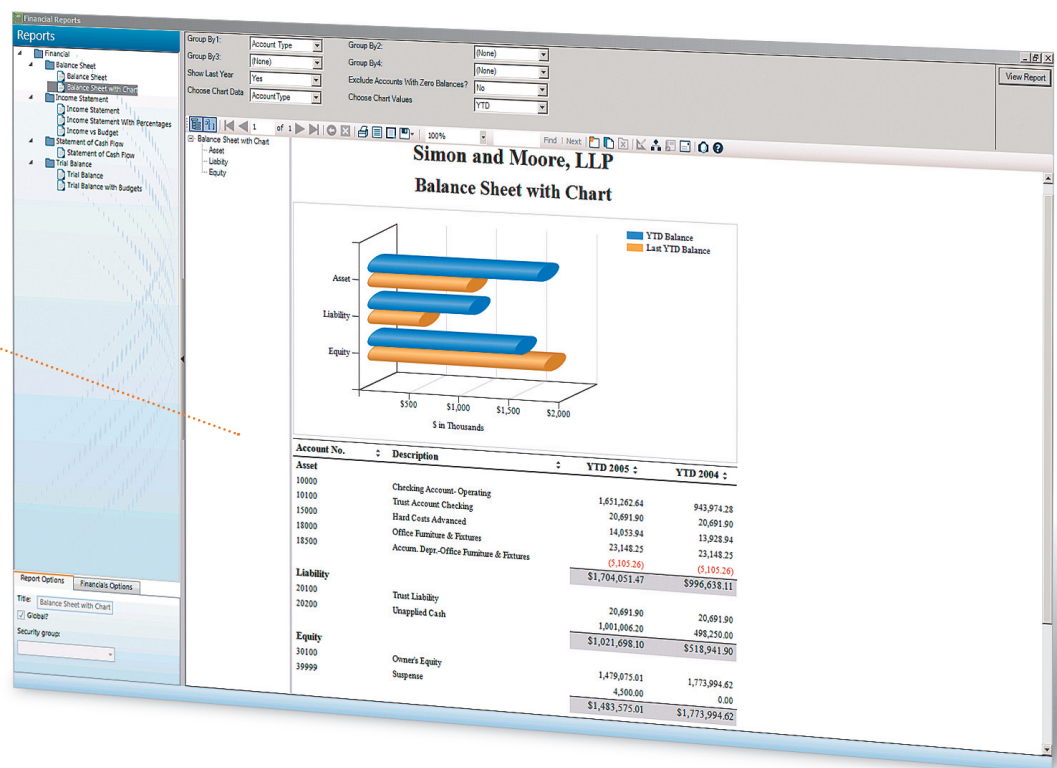

Plus, more powerful standard reports offer you more ways to access the information you need without having to create your own reports from scratch. You'll find that to be a big time-saver.

**Enhanced report functionality.** ProLaw XII reports are interactive, so you can drill down to details while maintaining the big picture. But the real time savings is in the flexibility of how you can customize report parameters on the fly to display just what you want to see.

- Reports let you select the desired content and format
- Links in the reports provide instant access to related information
- Charts and graphs help you interpret and present information such as key metrics on the health of your business

**Improved report editing.** It's faster to edit and create ad hoc reports with the ability to drag-and-drop information into your report from all areas of ProLaw.

It's also a snap to arrange report fields, export data to Excel® to perform quick "what if?" scenarios using integrated Microsoft reporting tools, and export data to a variety of report formats.

## HOW PROLAW XII HELPS YOU WORK SMARTER

ProLaw XII makes it simpler to store, find, and share case and client information and capture more time with these enhancements.

**Easier “Pro Filing” of email and attachments.** Without leaving Outlook, you can save important emails and attachments to the relevant matter or contact – in one click. Also *Pro File* delivery and read receipts to track and verify activity.

**Improved Outlook View.** Our new, attorney-friendly Outlook View gives you direct access to ProLaw information from Outlook. You can view ProLaw matter information, read documents and other event information from Outlook, and link to ProLaw for easy editing.

**Automatic time capture.** ProLaw XII lets you capture time without interrupting your work with the aid of automatic timers you can set in applications such as Word or Outlook. Pop-ups prompt you to submit your time. And when you’ve *Pro Filed* a document, ProLaw XII automatically captures the details for you.

## RUN SMARTER WITH MICROSOFT OPTIMIZATION

Because ProLaw XII is optimized to work with Microsoft technologies including .NET, SQL Server and SQL Server Reporting Services, Exchange and Windows Server®, Windows Outlook, Word, and Excel, you get the full power, reliability, and stability of best-of-breed applications designed to work together. That enables you to work more easily across the firm.

The integration of Microsoft’s premier SQL reporting platform is the key to the streamlined reporting and report editing in ProLaw XII, which is essential to managing all aspects of performance.

## INTELLIGENT NEW TECHNOLOGY PLATFORM

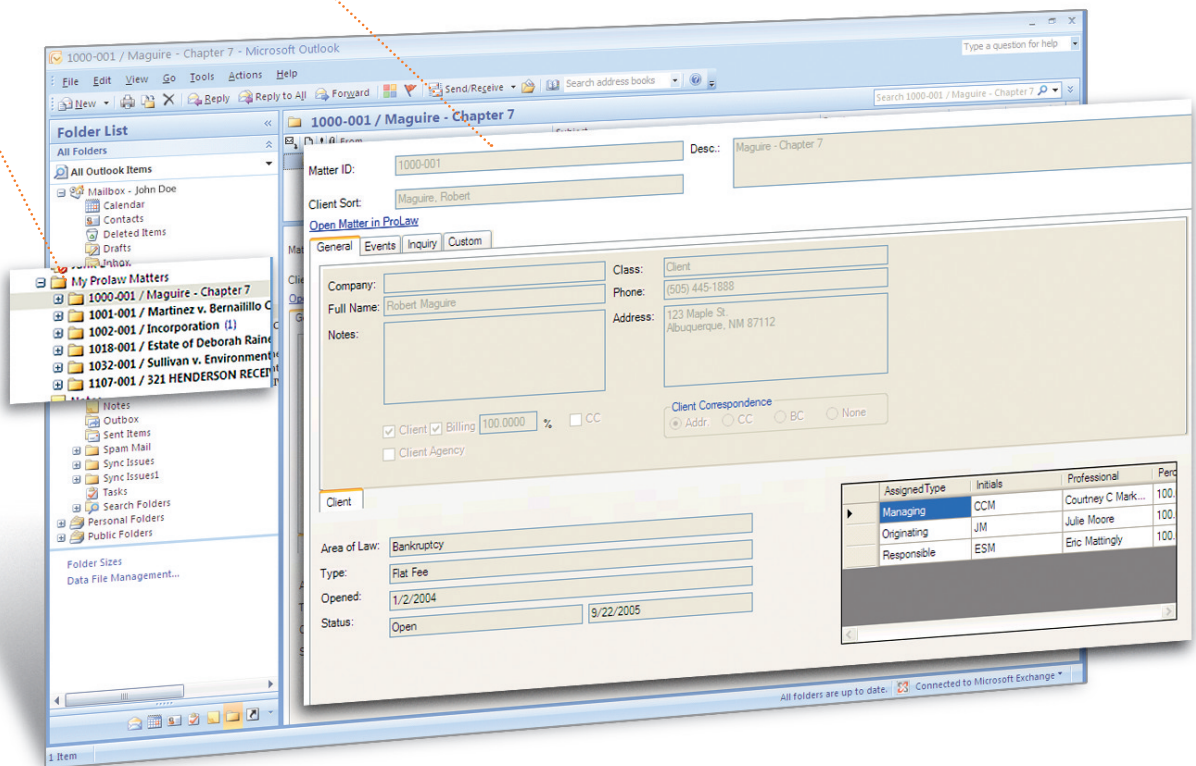

ProLaw XII is built entirely on the industry-standard Microsoft .NET platform, so you experience even more time-saving integration with the applications you work in every day, such as Outlook, Word, and Excel.

The .NET platform not only extends your ProLaw investment well into the future, it is less costly and more reliable by leveraging Microsoft’s foundation for interoperability between applications, as well as the full power of reporting tools built right into Microsoft SQL.

*ProLaw XII. One smart advantage for your firm.*
