- Enterprise Sessions
- Enterprise to 3E Tutorials
- Enterprise to 3E Sessions
- 3E Tutorials
- 3E Sessions
- ProLaw Tutorials
- ProLaw Sessions
- Tech Sessions
GENERAL INTEREST TUTORIALS

Monday, May 23, 2016 4:00 P.M. – 5:30 P.M.

Crafting E-billing Experts
Presented by Paula Montgomery, Christine Smith, Kasey Kellum, and Renee Thames
E-billing may be a narrow focus, but there's a depth of knowledge required to become an expert. Join us for sample sessions of our eBillingHub Training and eBillingHub Certification programs, as well as an overview of the benefits of an eBillingHub Process Review, and you can be a leader in this still-growing field.
Cumberland 4

Using Design Gallery’s Visual Designer
Presented by Matt Klem and Randy Roy
Whether you are an existing 2.x or 3.x Design Gallery customer or are considering moving to Design Gallery, this tutorial will guide you through creating document components via a visual Microsoft Word-like experience. Learn all of the tips and tricks to building components in Design Gallery's Visual Designer. From basic field insertions to complex logic, you'll see it all here.
Cumberland 5

Tuesday, May 24, 2016 7:45 A.M. – 9:15 A.M.

Workspace Customization with 3E, MatterSphere, and Business Development Premier Integration
Presented by Avneet Sahni and Ryan Schultz
Want to use Workspace to increase your mobile abilities? Come learn how to add your custom fields or calculations in order to show data the way your firm wants to see it.
Acoustic

Re-envisioning the Hub: The Future of eBillingHub
Presented by Greg Nilsen
While eBillingHub continues to roll along, our team recognizes that an injection of new life into the product is needed. Join our Product Manager Greg Nilsen to get a first look at the new product and what is in store for the future of eBillingHub.
Cumberland 3
Creating Document Process Flows in Design Gallery 3.0

Presented by Jason Whalen and Matt Klem

From how your document is converted, to its final destination, learn all about Design Gallery process flows, a new concept to Design Gallery 3.0+. Whether it’s a simple save and print, or some other distribution channel, our new release will help you flexibly manage your entire document generation and distribution processes.

Legends F

Wednesday, May 25, 2016 10:30 A.M. – 12:30 P.M.

That’s Not All! A Look at New eBillingHub Features

Presented by Robyn Yandrlie and Jacob Hershey

Step right up for an in-depth look at the latest eBillingHub features, including the brand new custom validations configurations. See how these can reduce your rejection rates and improve your e-billing experience.

Bass
GENERAL INTEREST SESSIONS

Monday, May 23, 2016 11:15 A.M. – 12:15 P.M.

Workspace and Mobile Intro Tour: 3E, MatterSphere, and Business Development Premier in a Single User Interface for the Lawyer
Presented by Paul Matschi and Lucas Garlepp
View a live demonstration of how a lawyer can get their job done in an intuitive user interface that seamlessly brings together 3E, MatterSphere, and Business Development Premier.
Bass

Design Gallery Roadmap
Presented by Jason Taylor and Jason Whalen
Lots of exciting things are happening with Design Gallery. Get a glimpse into our upcoming v3.0.0 release which provides many significant improvements. Look at where the product is going with features planned for future releases.
Cumberland 4

Client Advocacy Program
Presented by Tracy O'Keefe
Electric

Monday, May 23, 2016 1:15 P.M. – 2:15 P.M.

Surviving a Finance Systems Merger
Presented by Richard Savage, Charles Russell Speechlys LLP
Merging two different financial systems is always a challenge. Two medium-sized London firms with European and Middle East offices went through this process last year, merging Adrant Expert into Enterprise. This session will cover a non-technical overview of the experience from the point-of-view of a financial systems analyst about the challenges encountered, what went right, and what went wrong. Other topics covered will include resourcing, leadership, communication, buy-in, gaps in expectations, and setting the scope.
Cumberland 5
Monday, May 23, 2016 2:45 P.M. – 3:45 P.M.

**Workspace: The Future of Business Process Automation for the Legal Industry**

*Presented by Paul Matschi and Jason Taylor*

Get an early preview of our cross product workflow technology that is being developed.

*Cumberland 4*

---

Tuesday, May 24, 2016 9:45 A.M. – 10:45 A.M.

**International Payments and Elite Integration: A Revolution of Process Improvement**

*Presented by Anthony Loiacono, Global Exchange*

In today’s global economy, managing risk by protecting the firms’ international payment and cost recovery process is not only smart – it’s essential. This session will focus on the invoice » billing » payment lifecycle, including ONEStep™ invoice processing, data capture, exchange rate protection, EnhancedFX Elite integration, compliance protection, vendor remittance, and global funds transfer. This addresses knowing what it has been billed in matter currency – without currency fluctuation risk when the payment is due. Learn about the current issues facing cost recovery for international payments and practical, effective strategies to implement an improved international payment environment. As a pioneer of direct invoice processing, Global Exchange transcends the existing law firm workflow into an improved process. This enables firms to maintain 100% control of the process with full integration into Elite.

*Electric*

---

**Ideate: The Future of Legal Business Intelligence**

*Presented by Brian Taaffe and Greg Murphy, both of Ideate*

We know you’re tired of business intelligence vendors that are only good at one thing. You want a solution (and vendor) that can provide you with the tools and data to build out your business intelligence ecosystem. Look no further. Join us and learn how Ideate can transform your business [insights] by giving the right people access into the right metrics, allowing all users – from management to first-year associates – to see actionable statistics that will help them perform better, and more efficiently, at their jobs. Ideate will bring your firm into the next generation of analytics and reporting, from a full dashboarding suite with responsive design to accommodate an ever-changing technology market to user friendly tools and applications tailored to the various users within your firm. Ideate: the complete solution you have been waiting for.

*Music Row 4*
Tuesday, May 24, 2016 11:00 A.M. – 12:00 P.M.

**ARCS2G: Implementing and Managing Financial Strategies**
*Presented by Joe Zoghbi, MiniSoft, Inc.*
Discover how you can efficiently and effectively implement strategic account management solutions.
*Music Row 4*

Tuesday, May 24, 2016 12:45 P.M. – 1:30 P.M.

**The Ever Evolving Legal Landscape: Both Sides of the Coin**
*Moderated by Molly Dodge, Capital One’s Legal Management Group*
Join this session to hear how law firms and corporate legal departments are adapting to the changing legal landscape of increased cost pressures, information and data security, and performance and staffing expectations. Learn how each side is measuring AFAs and legal performance, balancing budget requirements, and showing value to the business. How have corporate legal departments’ expectations and business relationships with law firms evolved? How are law firms managing data and information security and protecting their clients’ information?
*Broadway Ballroom*

Tuesday, May 24, 2016 1:45 P.M. – 2:45 P.M.

**Elite: Future Architecture**
*Presented by Brad Reaves and Mike Walker*
Join us for a look at how the architecture team at Elite is changing the way we write our applications to be more interoperable, scalable, and flexible.
*Legends F*

**Legal Business Intelligence That Works**
*Presented by Dan Wales and Rob Stote, both of DW Reporting*
With more than 50 international law firms utilizing their solutions successfully, DW Reporting will be showcasing their leading product lines Quantum – Business Intelligence and Evaluate – Matter Pricing and Budgeting. Effective management information is essential to the success of today’s law firm, but organizations are frequently unable to leverage their core business data into tangible goals and metrics. Join this session to see how other Enterprise and 3E clients are embracing DW Reporting’s Microsoft-based business intelligence solutions to enable users to be driven by data and increase performance.
*Music Row 5*
Tuesday, May 24, 2016 4:30 P.M. – 6:00 P.M.

**eBillingHub Panel Discussion: E-billing Workflow Management**

*Presented by Christine Smith*

Come join the discussion as both a panel of your peers and eBillingHub experts converse on best practices for managing the e-billing workflow. From quicker submissions to making sure that invoices are getting paid, learn how other firms are tackling e-billing challenges and how your firm can keep operating smoothly.

*Bass*

---

Wednesday, May 25, 2016 8:00 A.M. – 10:00 A.M.

**Design Gallery: Solution Development Best Practices and Troubleshooting**

*Presented by Matt Klem and Randy Roy*

Learn the ins and outs of how to properly design Gallery solutions so that they follow best practices. This session is applicable to both Design Gallery 2.x and 3.x users. We also will highlight key changes made in version 3 that help enforce certain best practices during solution development.

*Cumberland 6*

---

**Workspace and Mobile: What’s New and Statement of Direction**

*Presented by Paul Odette and Paul Matschi*

Learn about where we are and where we’re going with Workspace and Mobile – the lawyer user experience that brings together 3E, MatterSphere, Business Development Premier, and other applications within your firm.

*Music Row 5*

---

Wednesday, May 25, 2016 10:30 A.M. – 12:30 P.M.

**Finding Answers in the Knowledge Base and Collaborating Using the Elite Community**

*Presented by Dan Wesol and Debbie Szumujo*

Discover how to search the Knowledge Base effectively, find answers to your questions, view training videos, and troubleshoot problems. Bring your questions and see how the Knowledge Base can be your solution center. Learn how to use the Elite Community to collaborate with Thomson Reuters Elite end users, discuss best practices, and see how other firms are resolving challenges.

*Electric*
Wednesday, May 25, 2016 1:30 P.M. – 2:30 P.M.

A Law Firm’s Vision for Workspace and Mobile
Presented by Paul Odette and Doug Doerfler, Stinson Leonard Street
Join us as a law firm shares its vision and current status with Workspace and Mobile.
Cumberland 4

Executive Insider Panel
Presented by Elisabet Hardy, Justin Farmer, Patrick Hurley, Marty Brej, Janet Murray, Eric Ruud, Bill Burch, and Eric Sugden
During this round table discussion, the executive leadership for Thomson Reuters Elite will be on hand to answer your questions about Elite products and services. This session is specific for those firms that run 3E, Enterprise, Business Development Premier, Business Development, MatterSphere, ProLaw, and eBillingHub.
Cumberland 5

Wednesday, May 25, 2016 3:00 P.M. – 4:00 P.M.

Meet the Thomson Reuters Elite Client Advisory Board
Presented by Patrick Hurley and Elisabet Hardy
In this session, meet some of the members of the Thomson Reuters Elite Client Advisory Board. The board was formed over a year ago and consists of leaders within the law firm technology community as well as Thomson Reuters Elite executives. Hear about their efforts in championing client advocacy where the Elite products are concerned.
Cumberland 5

Law Firm Cyber Risk Panel: Address the Issues from the Top Down
Presented by Ann-Marie Scollay
Join us to hear this panel discuss the security issues law firms face these days and how different firms deal with them.
Cumberland 6

Welcome to Design Gallery 3.0!
Presented by Jason Taylor and Jason Whalen
This major release of Design Gallery includes fundamental changes to how documents are created and distributed. Join us for an end-to-end demo as we guide you through the entire 3.0 experience, showing how you can be in control of your entire document automation processes.
Legends B
The Frontier Experience: Virtually
Presented by Justin Farmer and Jennifer Singh, Thomson Reuters
This is a UNIQUE opportunity to look inside the Thomson Reuters research labs and see what we are exploring in the areas of cognitive computing, virtual and augmented reality, and virtual assistants. Learn how Thomson Reuters is innovating for the future and what technology trends they are watching for in the business and legal industries. Demonstrations will showcase how these technologies could be applied to solve real customer problems. If technical innovation interests you, this is one session that you can’t miss!

Legends D

Law Firm Data: The Shortest Path to Revenue
Presented by Gabriela Isturitz and Mike Stafiej, both of Bellefield Systems
Are you looking to increase revenue at your firm? One of the best kept secrets of the most competitive law firms today is data. As New York Time bestselling author Malcolm Gladwell has said “How to get someone to make the right decision when they don’t want to? DATA.” Don’t underestimate the power of data in driving growth-focused decision making at your firm. This session will explore how the modern law firm can use data to improve time entry accuracy and velocity, minimize write-offs, and increase revenue (without forcing lawyers to work more). Electric
VANTAGE INSIGHTS AND OUTLOOKS SESSIONS

Monday, May 23, 2016 1:15 P.M. – 2:15 P.M.

Bulletproof Data Security
Presented by Gerry Lattimer
What policies and protection is your firm investing in to keep data safe and compliant?
Music Row 5

Monday, May 23, 2016 2:45 P.M. – 3:45 P.M.

Peer Monitor Industry Trend Overview
Presented by Cory Branden
Learn the top trends that are emerging in the legal industry based on recent data from Peer Monitor.
Music Row 5

Tuesday, May 24, 2016 9:45 A.M. – 10:45 A.M.

Beauty Pageant vs. Moneyball
Presented by Myles Van Leuven
How is the process for selecting outside counsel changing, and how is technology’s role evolving?
Music Row 5

Tuesday, May 24, 2016 3:15 P.M. – 4:15 P.M.

The Intelligent Law Firm

*Acoustic*
MATTERSHERE TUTORIAL

Wednesday, May 25, 2016 8:00 A.M. – 10:00 A.M.

How to Extend MatterSphere
Presented by Allan Wheatley
Learn how to go beyond out-of-the-box MatterSphere and use it as a palette to customize to your firm’s requirements.

Bass

MATTERSHERE SESSIONS

Monday, May 23, 2016 11:15 A.M. – 12:15 P.M.

Anywhere, Anytime: Matter Management Outside of Microsoft Office
Presented by Chris Lamb and Paul Odette
Join our product team for an exciting discussion on the implications of providing matter management capabilities on the phone, tablet, desktop browser, and Office 365.

Legends G

Taking MatterSphere Outside the Office: For Your Mobile Users and Your Clients
Presented by David Bradley and Duncan Hannigan
The 9 to 5 office role is long gone. So why should you need to be at your desk to work, and why should your clients have to call you up whenever they need information about their case? Come and see how we are extending the horizons of MatterSphere through Elite Mobile on smartphones and tablets, and how we are changing the way law firms interact with their clients in the MatterSphere Client Portal.

Music Row 3

Monday, May 23, 2016 1:15 P.M. – 2:15 P.M.

Matter Management: What’s New and Roadmap
Presented by Chris Lamb and Paul Odette
Join us as we discuss a year in review since the last user conference, previews of upcoming releases, and our roadmap for the future.

Music Row 3
Monday, May 23, 2016 2:45 P.M. – 3:45 P.M.

Introduction to MatterSphere
Presented by Alister Wyld
So, what is MatterSphere? Let us try to give you a taste of this powerful and far-reaching product in under an hour. Learn how MatterSphere is a front office tool, a case management system, a document management repository, and a whole lot more. All are welcome, but this is primarily a session aimed at MatterSphere newcomers.

Music Row 3

Monday, May 23, 2016 4:00 P.M. – 5:30 P.M.

A Customer Story: Perspectives on Matter Management in the US and UK
Presented by Alister Wyld
Join this session to learn how MatterSphere clients in the UK and the US approach matter management and how they have implemented MatterSphere to manage matters in their firm. Learn about challenges, best practices, success stories, and lessons learned. This will be a collaborative discussion.

Music Row 5

Tuesday, May 24, 2016 7:45 A.M. – 9:15 P.M.

The Greatest Hits of MatterSphere Configurations and Customizations
Presented by Allan Wheatley
In this session, we will present some of the most useful and interesting MatterSphere configurations and customizations that solved unique problems within firms.

Music Row 2

Tuesday, May 24, 2016 9:45 A.M. – 10:45 P.M.

How MatterSphere Integrates with 3E, Workspace, and Business Development Premier
Presented by Chris Lamb and David Bradley
Learn how MatterSphere can work with Enterprise and 3E to significantly improve productivity and scale the operations of your firm. Deep insight into how MatterSphere currently integrates with 3E and Workspace will be provided. Learn how the next major release of Workspace will provide lawyers with a consolidated user experience for 3E, MatterSphere, and Business Development Premier.

Music Row 3
Tuesday, May 24, 2016 1:45 P.M. – 2:45 P.M.

**MatterSphere Document Production**
*Presented by David Bradley and Allan Wheatley*
Learn about the robust document production capabilities that can drive consistency and productivity for your lawyers.
*Bass*

Tuesday, May 24, 2016 3:15 P.M. – 4:15 P.M.

**MatterSphere Best Practices for Client and Matter Intake**
*Presented by Alister Wyld and David Bradley*
Learn to leverage the power of the MatterSphere document assembly engine. See how the engine can use standardized precedents within Microsoft Word and see them through the whole matter lifecycle through to storage and retrieval from the MatterSphere Document Management System (DMS).
*Bass*
ENTERPRISE TUTORIALS

Tuesday, May 24, 2016 7:45 A.M. – 9:15 A.M.

Multipayor and Split Billing Best Practices
Presented by Heidi Fedler
What is multipayor billing? What is split billing? What is the difference and the best way to use them? Join us for an exploration of how they work, the benefits, and the impact on statistics and reporting.
Legends B

Tuesday, May 24, 2016 4:30 P.M. – 6:00 P.M.

Extend in Detail
Presented by Wesley Nix
Join us for this tutorial as we explore Extend. We will provide an overall how-to and discuss setting up standard events and Event Manager. Advanced topics will include taking a SQL statement and turning it into an event, using date offsets to get events to run on specific days, finding the last index number if an event needs to be re-run (credit reports), and excluding fee earners from having data in the report versus excluding fee earners from receiving the report.
Electric

Understanding Enterprise Framework Tools and Screen Customizations
Presented by Matt Jamma
Join us for an in-depth look at the Enterprise Tools menu functions and how they can be used to enhance and customize the Enterprise experience for your users. This tutorial will focus mainly on the functions that will impact the user interface, including Data Dictionary Manager, Message Manager, Label Preferences, Query Builder, Multi Query Builder, and Tree View Editor. We also will explore the benefits of using Visual Basic for Applications (VBA) to extend the functionality of Enterprise applications by customizing screens to streamline processes as well as to secure data. You will learn how to move certain fields from one screen to another for the firm, group, or individual and how to secure information by either disabling a field or even removing it.
Legends C

Wednesday, May 25, 2016 8:00 A.M. – 10:00 A.M.

Billing Manager Best Practices
Presented by Fran Stribling
Join us as we review the best and most efficient practices for managing the billing process at your firm.
Electric
**Enterprise Flat Fee Billing Best Practices**  
*Presented by Maggie Walker-O’Connor*

This tutorial will provide an in-depth review of the setups, use, process flow, and reporting for implementing flat fee billing in Enterprise.

*Legends B*

**Wednesday, May 25, 2016 10:30 A.M. – 12:30 P.M.**

**Enterprise Balancing Best Practices**  
*Presented by Fran Stribling*

Join us as we review the recommended month-end balancing steps and processes and how these various processes combine for easy month-end balancing. We also will discuss tips, tricks, and troubleshooting for out-of-balance situations.

*Cumberland 6*

**Enterprise Interim Billing Best Practices**  
*Presented by Heidi Fedler*

Join us for an extensive look at the Enterprise Interim Billing feature (also known as Fixed Fee or On Account Billing). Interim billing allows your firm to render invoices without relieving work-in-progress. As unallocated credits reduce accounts receivables, interim balances reduce unbilled time and costs. This tutorial will cover everything from setups, to transactions, to the impact on statistics and reporting.

*Legends B*

**Enterprise Billing Data Structures**  
*Presented by Charles Zack*

This tutorial will follow basic Enterprise Billing Manager transactions in the database as they move through the system. Learn about the main tables for billing reporting and review some typical queries used in balancing billing data to the GL.

*Legends C*
ENTERPRISE SESSIONS

Monday, May 23, 2016 10:00 A.M. – 11:00 A.M.

Enterprise Proforma Process Integration with Paperless Proforma
Presented by Matt Klem and Matt Jamma
In this session, we will walk through the proforma process when using Paperless Proforma. We will cover the following topics: how to generate the proformas in Enterprise, an overview of the editing of the proformas in Paperless Proforma, and the upload of the Paperless Proforma changes into Enterprise for billing.
Cumberland 5

Conflicts Manager: Sanction List Integrations Overview
Presented by Justin Bortnicker and Tina Pyselman
Join us for an overview of how Conflicts Manager integrates with the US Treasury/SDN/Do Not Do Business With/OFAC/OFSI/HMT Sanction Lists. A portion of this session will include covering a services engagement that can automate loading the OFAC files from the US Treasury site.
Electric

Enterprise Favorite Features
Presented by Jane Heino and Keven Threlfall
Join the Elite frontline product subject matter experts to hear some of their favorite features. This is a good session for new customers getting an understanding of Enterprise as well as established customers looking for ways to be more efficient with the system and business processes.
Legends B

Enterprise Basic System Administration Best Practices
Presented by Charles Zack
This session will review the basic setup of an Enterprise instance, including file structure, server roles, adding users, and printers.
Legends C

Monday, May 23, 2016 11:15 A.M. – 12:15 P.M.

Enterprise Progression
Presented by Elisabet Hardy and Patti Goettel
Join our Product Management Team for a review of the Enterprise Progression, including the highlights of the Enterprise 3.11 release.
Legends D
Monday, May 23, 2016 1:15 P.M. – 2:15 P.M.

Billing Rates Best Practices
Presented by Heidi Fedler
With complex rate demands and exceptions on the rise, this session will help you gain a better understanding of the hierarchy of standard and alternate billing rates and options available to you.
Legends B

Configuring Paperless Proforma for Beginners
Presented by Matt Klem
In this session, you will learn how to make configuration changes to Paperless Proforma 4.5 that can customize certain aspects of your Paperless Proforma environment. From list view defaults, to back end configuration settings, this session will allow you to tailor your environment to your own needs.
Legends C

Monday, May 23, 2016 2:45 P.M. – 3:45 P.M.

Preparing for a 3E Implementation: A Post Mortem Case Study
Presented by Mark Peterson, Reed Smith
This session will focus on the lifecycle of a 3E implementation for a firm that has completed their implementation from Enterprise to 3E. Hear how they prepared for this project – from project planning, to organizing teams to developing a stakeholder strategy that facilitated firm buy from development to execution. This session will provide great insight from a completed 3E project, including what worked and what didn’t work, along with areas to closely monitor.
Legends A
Compare and Contrast: Masking
Presented by Randolph Nairn and Ruben Linero
Join us as we discuss the similarities and differences between Enterprise and 3E masking. In this session, you will learn how masking can be utilized and improved upon in 3E.
Legends E

Getting Ahead and Uncovering Strategic Benefits before a System Conversion or Migration Begins
Presented by Shishir Shetty, Bob Beisswenger, and Russ Haskin, all of Wilson Legal Solutions
It only makes sense that when a firm goes through a practice management conversion or migration their first goal is to make sure they can produce the same results that they had with previous versions. However, many clients realize after the fact that there were inherent opportunities to improve and align processes, advance deliverables, and strategically use the conversion as way of betterment for the firm. Wilson Legal Solutions and its team is well versed in working with firms to identify opportunities for improvement while establishing a solid plan to bring the firm through a conversion or migration with as much benefit as possible. This informative session will feature experts at Wilson Legal as they lead an interactive discussion on how best to position your firm when taking on these engagements. Discover practical tips on how to avoid the pitfalls that can lengthen many of these engagements while discovering the additional benefits. Join in a real world case study illustrating the need for proactive planning well before an engagement starts.
Music Row 4

Tuesday, May 24, 2016 7:45 A.M. – 9:15 A.M.

Identifying and Managing Your Existing Enterprise Customizations
Presented by Val Brady and Charles Zack
When replacing a core business system, you need to know what your current customizations are – and what business benefit they provide – to ensure those requirements continue to be met. This session will assist you in identifying your current customizations such as integrations, reports, information distribution, or similar and how to get a handle on their requirements in the new system.
Legends A

Tuesday, May 24, 2016 9:45 A.M. – 10:45 A.M.

Dollars and Sense Your 3E Business Plan
Presented by Brent Bourque and Lucas Garlepp
Are you wondering where to start with your 3E business plan and how to sell it internally? Learn from Elite account executives what has worked for other clients on their path to 3E.
Legends A
Tuesday, May 24, 2016 11:00 A.M. – 12:00 P.M.

**Why 3E? Making the Decision to Move to 3E**  
*Presented by Brigitte Miklaszewski*  
What were the decisions that led other firms to move to 3E? Hear the reasons, what decision-making process they followed to get there, and what benefits they have experienced since their move to 3E.  
*Bass*

**Keys to a Successful 3E Conversion**  
*Presented by Jane Threlkeld, Source Consulting Group LLC*  
Source Consulting Group LLC has assisted a multitude of firms with their 3E conversion and has found that there are some key factors to ensuring that your 3E conversion is successful. In this session, we will talk about the key considerations for firms migrating to 3E, including preparation data clean-up within the legacy system, approaches to planning for the data conversion with your Elite conversion team, and best practice methodology for data validation once the data is converted. We also will focus on the importance of accurate data maps with recommendations on how to read those by non-programmers.  
*Electric*

Tuesday, May 24, 2016 3:15 P.M. – 4:15 P.M.

**Learn from Your Peers: Anatomy of an Enterprise to 3E Conversion**  
*Presented by Kathy Hall, Thompson & Knight LLP*  
Interested in hearing about an Enterprise to 3E conversion from a customer who has recently gone live on 3E? Join us for a review of the process they followed, the challenges they experienced, and the efficiencies they gained.  
*Legends A*

Tuesday, May 24, 2016 4:30 P.M. – 6:00 P.M.

**Why Did Elite Write 3E?**  
*Presented by Patti Goettel and Betsy Esquivel*  
In this session, we will review the reasons why Elite developed 3E, what were our goals, our methodology, and the resulting benefits.  
*Legends A*
3E Implementation: Implementation Methodology

Presented by Cindy Young and Kim Vickerman

This session will cover the current 3E implementation methodology and project quality model. If your firm is preparing to implement 3E, or is in the process of doing so, join us as we review project phases, key events, and project management philosophies used to implement 3E.

Wednesday, May 25, 2016 1:30 P.M. – 2:30 P.M.

**What Is the Express Services Package (ESP) Methodology?**  
*Presented by Daniel Martinez, Carol Blundy, and Val Brady*  
The Express Services Package is a new implementation process that reduces implementation timelines by providing pre-developed tools and methods that are prescriptive in their approach. Smaller to mid-sized firms benefit with a lower cost implementation that has been developed specifically for their needs. In this session, we will discuss the method in general, successes, opportunities, and the path forward.  
_Legends A_

**3E Metrics, Reports, and Presentations**  
*Presented by Stan Harder*  
What is a metric, what is a report, how do they work together? Why is there no data displayed in the metric results (no down dimensions defined)? How do I find a previous run? If a report is customized and saved to favorites, how do we push this out to everyone? Join us as we discuss the answers to these questions.  
_Legends C_
3E Administration, Performance, and Troubleshooting  
*Presented by Bruce Rosen*  
What is the right formula for making sure your 3E system is running just right? Find out in this presentation as we discuss the 3E infrastructure, system maintenance, metric retention, and task scheduling.  
*Legends F*

*Presented by Lisa Brown, Marc Solomon, and Jerid Dupier*  
Join this client round table discussion to talk with peers and Thomson Reuters Elite experts about best practices, uses, and needs for Financial Reporting.  
*Music Row 4*

Sneak Peek: Paperless Proforma for 3E  
*Presented by Karen Altnow and Jason Taylor*  
Paperless proformas for 3E! Catch a glimpse of an exciting new product coming your way.  
*Electric*

**Wednesday, May 25, 2016 3:00 P.M. – 4:00 P.M.**

What Is OQL and How You Can Improve Your Use of It  
*Presented by Niles Ritter*  
Revisit helpful tips on tuning your OQL and learn new features that will help you locate the exact information you are after.  
*Cumberland 1*

Records Management Round Table  
*Presented by Virginia Gleason and Jerid Dupier*  
Bring your topics, ideas, advice, and questions about records management in general and 3E Records in particular to this round table discussion with peers and Thomson Reuters Elite product managers.  
*Cumberland 2*
Managing Your Lawyer: Self-service with 3E
Presented by La Vonne Maliga and Allan Wheatley
This session will demonstrate the various self-service options 3E and MatterSphere provide for 3E users whether secretaries, administrative assistants, paralegals, or other administrative staff supporting the lawyers in your firm. It includes functions such as new client/matter intake, updating contacts, payment and purchase requests, trust check requests, time entry, records file requests, and basic 3E reporting, as well as MatterSphere functions for generating documents, reviewing and managing the lawyer’s diary, and additional functions.
Cumberland 3

3E Conflicts Tips and Tricks
Presented by Mike Wright
Achieve better results in less time. This session will provide some suggestions for more effective Conflicts searches and will focus on filters, setups, and best practices.
Cumberland 4

Implementing 3E Faster and More Efficiently
Presented by Daniel Martinez, Val Brady, and Carol Blundy
Join us to learn what we are doing in 3E and in the way we implement it to make it more time effective and less costly, for example, using the component library. We also will discuss how to make 2.7.4 sing with the integrated standards.
Legends A

3E FX Revaluation
Presented by Bill Motter and Donna Kendall
Join us for a detailed review of the FX revaluation process and the calculations behind the revaluation values.
Legends E

Best Practices in 3E Customizations
Presented by Sandeep Gupta and Avneet Sahni
Discuss best practices approaches to customizations, including coding standards. Leverage the best practice standard techniques for customizations and make it easier to obtain the needed support from the onset. We will share our discoveries on development patterns that have worked well, along with lessons learned.
Legends F

Tuesday, May 24, 2016 7:45 A.M. – 9:15 A.M.

ProLaw Support Round Table
Presented by Rick Roy, Gina Lague, and Julian Cortez
Meet your Support Management Team and participate in a lively discussion regarding entering support incidents and when to contact your Support Team.

Cumberland 1

Risk Assessment with ProLaw Docketing
Presented by Dianne Flynn
Learn how to automate your firm’s calendaring and docketing process with rules sets from the leading providers of legal technology and legal content. Avoid missing critical court deadlines and manage statute of limitations requirements with reliable rules updates. Benefit from the expanded rule-writing capabilities and support resources of West, a Thomson Reuters business.

Cumberland 2

Tuesday, May 24, 2016 3:15 P.M. – 4:15 P.M.

My Favorite ProLaw Features
Presented by Maurice Williams
Join us as ProLaw Product Manager Maurice Williams shares his favorite ProLaw features, including dashboard enhancements, report shortcuts, and audit trails.

Cumberland 3

Tuesday, May 24, 2016 4:30 P.M. – 6:00 P.M.

Best Practices for Administering ProLaw
Presented by Lenora Neu
Get the most out of your investment by learning how to maximize administrative functions in ProLaw. In this tutorial, we will review administrative best practices, utilizing resources, and how to use a checklist to manage the administrative process.

Cumberland 1
Wednesday, May 25, 2016 8:00 A.M. – 10:00 A.M.

Train the Trainer: ProLaw New Hire and Continuing Education  
*Presented by Sharon Winston and Ginny Sutherland*  
How is your firm handling ProLaw continuing education? A train-the-trainer model can build a pool of competent instructors who can teach ProLaw to others. This model can help ensure that employees get timely training to complete tasks according to company policies and procedures.  
*Cumberland 1*

Upgrading to .NET? Ideas on How To Make It Successful  
*Presented by Scott Arnold*  
Learn about upgrading to .NET from a technical standpoint. We will discuss strategy and planning of the Server, MSSQL, Exchange, and other integrations. Review changes in processes for improved success. We also will discuss upgrading from previous .NET versions (XII and 2014.x) to the current version.  
*Cumberland 2*

WIP Costs in ProLaw and Month-end Balancing  
*Presented by Gina Lague*  
Are you using accrual accounting? Do you have trouble tying the numbers in your WIP aging reports to the corresponding general ledger accounts? Come see tips and tricks on what to look for when your numbers do not match. This tutorial will cover both cash and accrual mode.  
*Cumberland 3*

How To Create and Assemble ProLaw Document Templates  
*Presented by Christa Shannon*  
Join us as we discuss the document production process from start to finish. You will learn how to analyze internal document workflows to determine document production needs and enable consistency with firm documents. You will then follow along as the instructor creates ProLaw document types from existing templates and from scratch using Adobe and Word.  
*Cumberland 4*

Reveal the Anomalies of ProLaw Querying  
*Presented by Lisa Vedrani*  
Gain a clear perspective on the logic behind query functionality to help you get the most from your ProLaw data. Feel free to bring queries for a lively group discussion. This tutorial will focus on front office the first hour and back office the second hour.  
*Cumberland 5*
Wednesday, May 25, 2016 10:30 A.M. – 12:30 P.M.

**Finding Data from the ProLaw Database Using SQL Language**  
*Presented by Austin Gabaldon*

In this session, we will show you how to navigate the ProLaw database for the most requested types of data extraction. We will explore how the database tables link together and where each module holds its specific data and how that relates back to the individual contacts, matters, transactions, and journals. This tutorial is highly technical and will require knowledge of SQL to make the most out of it.  
*Cumberland 1*

**Intermediate ProLaw .NET Report Design**  
*Presented by Shaunna Johnson*

Get an in-depth look at customizing ProLaw .NET reports using the SSRS report builder. Topics will include parameters, expressions, and intermediate custom formatting.  
*Cumberland 2*

**Dynamic Importing Features**  
*Presented by Christa Shannon*

Learn the dos and don’ts of importing Quickview, bank reconciliation, documents, contacts, time entry, and files into ProLaw.  
*Cumberland 4*
PROLAW SESSIONS

Monday, May 23, 2016 10:00 A.M. – 11:00 A.M.

What's New: ProLaw 2016.2  
Presented by Ken Bassham  
Join us as we highlight the new features in our upcoming version of ProLaw.  
Acoustic

ProLaw Canadian Round Table  
Presented by Gina Lague, Shaunna Johnson, and Lisa Piccuta  
Canadian subject matter experts will be available to facilitate this client discussion on challenges unique to the Canadian Law Society.  
Bass
